I would like to make a monthly investment of Rs 10,000 in mutual funds. Should I invest the entire amount in one SIP or divide it in multiple SIPs. Kindly suggest the schemes that would give good returns and would grow a good corpus over a period of 10 to 15 years.

Vishal Dhawan, Founder, Plan Ahead Wealth Advisors, responds:

Considering that you are looking for a 10-15 year investment horizon, you can consider a couple of high quality diversified equity funds with good track records. The Kotak Select Focus Fund-Growth and Birla Frontline Equity Fund-Growth can both be looked at for SIPs with an equal allocation made to each of them.
